

Tut. 6c Making music

Step 1	Go to https://makecode.microbit.org/#editor
Step 2	Select the Input menu and add the "on button A pressed" block
Step 3	Click the " Music " menu
Step 4	Select the " play tone " block
Step 5	Place the " play tone " block into the button event block
Step 6	Choose a note from the keyboard (see image below)
Step 7	★ Run it in the simulator

It will show like the picture below when you have chosen a note, for example I chose Middle C (seen above)

There are also options for how long a note plays.
