

Tut. 7 Plotting LEDs

- Step 1** Go to <https://makecode.microbit.org/#editor>
- Step 2** Click the "LED" menu
- Step 3** Select the "plot" block
- Step 4** Add the block to the "on start" block (see image below)
- Step 5** ★ Save the program as "TUT7-LED" and also upload to the micro:bit

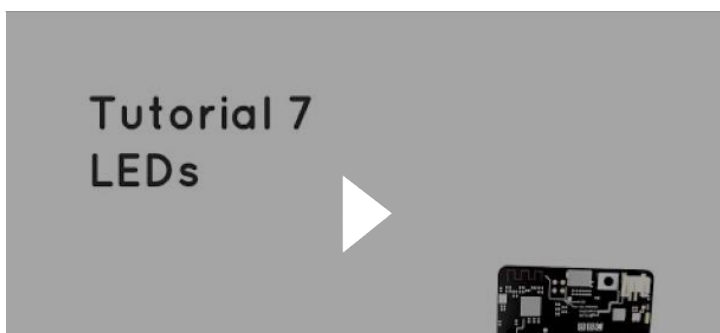

Unplot switches a LED off
Toggle will change its state (off to on, or on to off)

X is going from left to right
Y is top to bottom

The first LED is at 0,0
